### EPICS User Conference 2026

Come to Austin and take part in one of the largest annual gatherings of Aluminum Extruders in North America. The EPICS 10 Conference!

At the User Conference you will...

- See all the awesomeness of EPICS 10
- Take a deep dive into the latest EPICS features
- Meet with peers and exchange ideas
- Become better at what you do
- Meet the Foy Inc team and share your ideas
- Bring your ideas and help make EPICS better!
- See the [Topics page](#) for more details

### Event Schedule

#### Sunday | April 12th

Evening Reception

- Come and go reception and registration from 4pm-6pm in Stephen F's Bar and Terrace.

#### Monday | April 13th

Conference Sessions

Monday Evening Event

- An evening of great food, drink and conversation at [Roaring Fork Wood Fired](#) restaurant from 6pm-8pm.

#### Tuesday | April 14th

Conference Sessions

#### Wednesday | April 15th

Optional training day

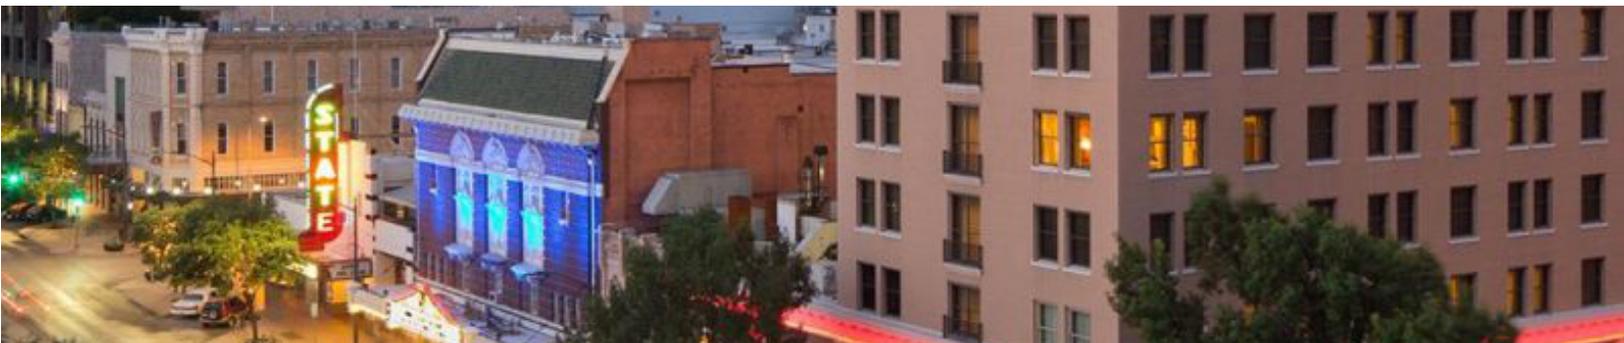

- The class will include training on the host of new features in EPICS 10. This will be a time of live demonstration, with active Q&A throughout.

### Who should come to the 2026 EPICS User Conference (EUC)?

- Administrators
- BI Manager
- Customer Service
- Die Maintenance
- Finishers
- Fabricators
- Inventory and Pricing Managers
- IT Managers
- Planners and Schedulers
- Production Managers
- Quality Assurance
- Shipping and Receiving
- Supervisors

**If you use EPICS, this is YOUR conference!**

### Where is EUC 2026?

Located in the heart of downtown Austin, the Stephen F Austin Royal Sonesta is an award-winning historic hotel just steps away from some of Austin's best attractions. Explore the Texas state capitol building, see a bat flight at the Congress Street bridge, and enjoy the night life of 6th Street and Rainey Street.

#### **Special EUC rate is \$259 per night.**

Rooms will be available at this discounted rate until March 23rd (or until they sell out), so please register early.

### Breakout Session Topic

EUC 2026 will include a dedicated AI-specific breakout session. At this session, an informal panel of EPICS users will share how they have been using AI to leverage EPICS data.

If your company is already using AI tools with your EPICS database, please let us know as soon as possible if someone from your team would like to be on the panel. At the end of the session, we will open the floor to questions and suggestions from conference attendees regarding how they might like to see AI integrated directly into EPICS.

### EPICS 10 has Launched

In case you haven't seen, EPICS 10 has been released! Several customers have already updated and are reaping the benefits of what the best version of EPICS has to offer.

EPICS 10 adds many of your most requested enhancements while retaining the same look and feel that your users are accustomed to. Upgrade today for quality of life improvements and new features.

A complete list of EPICS 10 features is [here](#). You can also watch an overview of the new features [here](#).

Your EPICS Administrator should have received an email about the launch of EPICS 10 on Friday, January 9th. If you are an EPICS Administrator and you did not receive that email, please let us know by emailing [help@foyinc.com](mailto:help@foyinc.com)

Log in to the Support/EPICS 10 Downloads page of [www.foyinc.com](http://www.foyinc.com) using your email address and password to download the EPICS 10 files.

**EPICS**  
Is here! **10**

The best version of EPICS is here!  
Upgrade today for quality of life  
improvements and new features.

***Please review the EPICS 10 Implementation guide [here](#) before beginning testing or deployment, and let us know if you have any questions.***

### Foy Inc to Attend AEC Meeting

The Aluminum Extruders Council (AEC) will be holding their 77th Annual Meeting in Hilton Head, South Carolina in March 2026.

John and Scott from Foy Inc will be attending this year.

More information can be found on the [AEC website](#).

### New SSP Benefit: Annual EPICS User Training

A new benefit has been added to the Software Service Policy (SSP). Now included with EPICS Enterprise edition (16 or more user licenses) is EPICS user training for one person from your company annually. We regularly offer a 4-day EPICS User Training class throughout the year, both online and in Farmersville. If your company has at least 16 user licenses, your company can register 1 person per year for this training class free of charge.

Class size is limited and the number of free seats in each class is limited, so we recommend registering early for the training classes. Upcoming online classes meet February 16-19 and May 18-21. In person classes in Farmersville, Texas meet March 23-26 and June 22-25. See [our website](#) for more information.

To register for a class, send an email to [help@foyinc.com](mailto:help@foyinc.com) indicating the class you would like to register for, or call us at 972-782-7282.

### EPICS Customer List

On any given day EPICS is helping more than 15,000 people at over 100 extrusion plants on more than 250 presses in 14 countries around the world.

EPICS development is user-driven and continually enhanced by the ideas of its experienced and innovative users. [See the list of EPICS customers here.](#)

### Online and In-person EPICS and Report Writing Training

EPICS User Training is available in-person at our training facility in Farmersville, Texas as well as online. In this four-day class, trainees work through the entire EPICS interface. The next in person class will meet March 23-26, 2026. The next online classes are scheduled for February 16-19, 2026 and May 18-21 2026.

For online classes, a good internet connection and dual monitors are essential. One monitor is needed for watching the instructor's screen and another for running EPICS.

This could be individuals in their homes or offices, or it could be several people in a conference room with a single large screen with speakers to see and hear the instructor and with individual PCs for each trainee. Trainees will connect via VPN to a training database on a Foy Inc server.

This is a great opportunity to provide training for your administrators and key users. Training is valuable not only for new users, but also as a refresher for long-time EPICS users. Much has been added to EPICS V9 in the past few years, and there are probably other things that have been forgotten. Take this opportunity to see the full scope of what EPICS has to offer.

Report Writing training is also available. This is a two-day novice level class for learning Crystal Reports with emphasis on the use of the EPICS database. Please see the [Foy Inc website](#) for details.

If you are interested in any training opportunities, please call us at 972-782-7282 or email us at [info@foyinc.com](mailto:info@foyinc.com).
