EPICS Module of the Month

Did you know that there are 14 different EPICS Modules? Each module is designed with our customers in mind and many were created based on customer feedback.

The Module of the Month for September is the Quotation Module. The Quotation Module is an optional addition to your EPICS license.

This module allows quotes to be created for either existing or prospective customers using existing or proposed dies. Once the quote is created, a quote document similar to the acknowledgement may be emailed or printed.

New sales orders can be generated directly from the quote any number of times allowing customers to order by quote number, essentially providing a method of storing customer order data for quick order entry.

If you would like an overview of this module, you can view details in our help docs or watch the [overview video](#) we created.

Foy Inc at AEC Management Conference

The Foy team will be at the [AEC Management Conference](#) in Chicago, September 22-24. We look forward to seeing you!

Module Videos

As you have likely seen in other EPICS Newsletters, we are working to create videos for each of our available modules. Four such videos are currently available and can be found in our Help Docs at the bottom of the Overview pages for:

- Corrective Action
- Quality Check
- Report Scheduler
- Quotation

Foy Inc Holiday Schedule

Please be aware that Foy Inc will be closed November 26-27, 2026 for American Thanksgiving and December 24, 2026 through January 1, 2027 for winter holidays. We will be monitoring the Help Desk for emergencies. Please send emails to help@foyinc.com.

EPICS Bridge Improvements

New functions have been added to EPICS Bridge to create billet purchase orders, allowing you to push billet or log POs from your accounting or ERP system to EPICS.

GetNextBilletPONum
AddOrEditBilletPOHeader
AddOrEditBilletPOItem
GetNextBilletReceiverNum
ReceiveBillet

All EPICS Bridge Functions can be found in the [solution article](#) on our help desk. You must be logged into the website to view the linked page.

Last 2026 EPICS Training Opportunity

The last EPICS User Training Class of 2026 is scheduled for October 19-22. If you have at least 16 EPICS User licenses, your company can send one person to EPICS User Training each year free of charge. October's training class is the last opportunity to utilize this benefit in 2026.

Don't let this opportunity pass you by! Reach out to us at 972-782-7282 or email us at info@foyinc.com to add someone to the October 19-22 training class. Class size is limited for paid and free trainees, so don't wait.

The graphic features a blue diagonal overlay on the left side with white and yellow text. The text reads: 'FOY INC ONLINE EPICS Training 4-day class Working through the entire EPICS interface October 19-22, 2026'. The background of the graphic shows a photograph of three people in a training room. Two men are seated at a desk in the background, each with a laptop. A woman is seated in the foreground, also with a laptop, looking towards the camera. The room has wood-paneled walls and framed pictures.

Train with Foy Inc

EPICS User Training

A comprehensive course for EPICS user and administrators. This is a hands-on class where students will see and use all EPICS features.

Report Writing Training

This two-day course is for beginning report writers where participants learn the essentials of report writing with Crystal Reports and how to work with commonly used EPICS database tables.

EPICS Training

Online Dates

October 18-22, 2026
January 25-28, 2027

EPICS Training

In-Person Dates

February 22-25, 2027

Report Writing

Classes are scheduled on demand. Please contact us to schedule a class.

Additional Details

For online classes, a good internet connection and dual monitors are essential. One monitor is needed for watching the instructor's screen and another for running EPICS. Trainees will connect via VPN to a training database on a Foy Inc server.

A new benefit has been added to the Software Service Policy (SSP). Companies with EPICS Enterprise edition (16 or more user licenses) can send one employee to EPICS user training annually for free. Class size is limited for paid and free trainees, so we recommend registering early for the training classes.

If you are interested in any training opportunities, please call us at 972-782-7282 or email us at info@foyinc.com.
